TYPE of rule filing

Rule Title/Tag Line

**Reporting requirements for hazardous substances and list of  
hazardous substances.****RULE SUMMARY**

1. Is the rule being filed for five year review (FYR)? **Yes**
2. Are you proposing this rule as a result of recent legislation? **No**
3. Statute prescribing the procedure in accordance with the agency is required to adopt the rule: **119.03**
4. Statute(s) authorizing agency to adopt the rule: **3737.88(A), 3737.88(D)**
5. Statute(s) the rule, as filed, amplifies or implements: **3737.88(A), 3737.88(D)**
6. State the reason(s) for proposing (i.e., why are you filing,) this rule:  

Five-year rule revision required pursuant to ORC 106.03.
7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; if the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

The U.S. EPA requires the state fire marshal to regulate hazardous substance USTs. To comply with federal law, Revised Code 3737.88(D) requires the state fire marshal to adopt a list of hazardous substances for the underground storage tank program consistent with and equivalent in scope to a corresponding federal list.

The federal list has not changed since the previous filing of this rule; therefore, no amendments to the state list are proposed. A provision was added to clarify that where a category of chemicals appears on the list, any substance that falls into that category is to be considered hazardous whether the substance is listed individually or not. This is consistent with Ohio EPA's position on this subject and is supported by several federal court decisions. A number of formatting changes are proposed to aid in the readability of the rule, including the removal of footnotes that had been imported from the federal list but are not relevant to the list itself.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

*This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.*

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

*This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.*

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

*Not Applicable.*

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so. If applicable, indicate each specific paragraph of the rule that has been modified:

Although the text of the previously filed version of this rule is not being changed,

consistent with a comment from JCARR staff, BUSTR is changing its response to question 19(C) of the RSFA. It now notes that an existing requirement to notify the State Fire Marshal and the local fire department in the event of a release or a suspected release from a hazardous substance UST qualifies as a report of information under the S.B.2 test. The rule has been reviewed by CSI.

12. Five Year Review (FYR) Date: **5/17/2017**

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this rule is the filing date.)

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.

**FISCAL ANALYSIS**

13. Estimate the total amount by which *this proposed rule* would **increase / decrease** either **revenues / expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will have no impact on revenues or expenditures.

0

No change.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

Not Applicable.

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

The rule imposes no costs on its own, it only identifies which hazardous substances will make a UST system subject to the chapter. Because there are no changes to the list since the previous filing in 2012, there are no newly-affected persons.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **Yes**

You must complete the Environmental rule Adoption/Amendment Form in order to comply with Am. Sub. 106 of the 121st General Assembly.

**S.B. 2 (129th General Assembly) Questions**

18. Has this rule been filed with the Common Sense Initiative Office pursuant to R.C. 121.82? **Yes**

19. Specific to this rule, answer the following:

A.) Does this rule require a license, permit, or any other prior authorization to engage in or operate a line of business? **No**

B.) Does this rule impose a criminal penalty, a civil penalty, or another sanction, or create a cause of action, for failure to comply with its terms? **No**

C.) Does this rule require specific expenditures or the report of information as a condition of compliance? **Yes**

The rule requires the release or suspected release of a hazardous substance to be reported to both the State Fire Marshal and the local fire department. This report may be accomplished with a telephone call.

**Environmental Rule Adoption/Amendment Form**

Pursuant to Am. Sub. H.B. 106 of the 121st General Assembly, prior to adopting a rule or an amendment to a rule dealing with environmental protection, or containing a component dealing with environmental protection, a state agency shall:

- (1) Consult with organizations that represent political subdivisions, environmental interests, business interests, and other persons affected by the proposed rule or amendment.
  - (2) Consider documentation relevant to the need for, the environmental benefits or consequences of, other benefits of, and the technological feasibility of the proposed rule or rule amendment.
  - (3) Specifically identify whether the proposed rule or rule amendment is being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal environmental law or to participate in a federal environmental program, whether the proposed rule or rule amendment is more stringent than its federal counterpart, and, if the proposed rule or rule amendment is more stringent, the rationale for not incorporating its federal counterpart.
  - (4) Include with the proposed rule or rule amendment and rule summary and fiscal analysis required to be filed with the Joint Committee on Agency Rule Review information relevant to the previously listed requirements.
- 

(A) Were organizations that represent political subdivisions, environmental interests, business interests, and other persons affected by the proposed rule or amendment consulted ? **Yes**

Please list each contact.

Ohio Township Association

Ohio Petroleum Marketers and Convenience Store Association

Ohio Municipal League

Ohio Fire Chiefs' Association

Ohio Environmental Council

Mid-Ohio Regional Planning Commission

County Engineers Association of Ohio

County Commissioners' Association of Ohio

Ohio Department of Development

Ohio EPA

- (B) Was documentation that is relevant to the need for, the environmental benefits or consequences of, other benefits of, and the technological feasibility of the proposed rule or amendment considered ? **Yes**

Please list the information provided and attach a copy of each piece of documentation to this form. (A SUMMARY OR INDEX MAY BE ATTACHED IN LIEU OF THE ACTUAL DOCUMENTATION.)

The State Fire Marshal relies on a list of hazardous substances adopted by the U.S. EPA. Revised Code section 3737.88(D) requires the State Fire Marshal to adopt a hazardous substance list equivalent to and consistent with the federal list. The federal list can be found at 40 CFR 302.4, Appendix A.

- (C) Is the proposed rule or rule amendment being adopted or amended to enable the state to obtain or maintain approval to administer and enforce a federal environmental law or to participate in a federal environmental program ? **Yes**

Is the proposed rule or rule amendment more stringent than its federal counterpart ? **No**

Not Applicable

- (D) If this is a rule amendment that is being adopted under a state statute that establishes standards with which the amendment is to comply, is the proposed rule amendment more stringent than the rule that it is proposing to amend? **No**
