

TO BE RESCINDED

1301:7-9-05 **Financial responsibility for petroleum underground storage tank systems.**

(A) Purpose.

For the purpose of prescribing rules pursuant to division (B) of section 3737.882 of the Revised Code, the fire marshal hereby adopts this rule to establish financial responsibility requirements for underground storage tank systems containing petroleum. This rule is adopted by the fire marshal in accordance with Chapter 119. of the Revised Code and shall not be considered a part of the "Ohio Fire Code."

(B) Applicability.

- (1) Except as otherwise provided in paragraphs (B)(2) to (B)(3)(k) of this rule, owners and operators of all petroleum UST systems within this state shall comply with this rule by the applicable date established in paragraphs (D) to (D)(5) of this rule.
- (2) Federal government entities whose debts and liabilities are the debts and liabilities of the United States are exempt from the requirements of this rule.
- (3) The requirements of this rule do not apply for any of the following petroleum UST systems.
 - (a) Any UST system holding hazardous wastes listed or identified under Chapter 3745-51 of the Administrative Code, or a mixture of such hazardous waste and petroleum;
 - (b) Any wastewater treatment tank system that is part of a wastewater treatment facility regulated under section 402 or 307(b) of the Federal Water Pollution Control Act (33 U.S.C.A. 1251 and following);
 - (c) Equipment or machinery that contains petroleum for operational purposes such as hydraulic lift tanks and electrical equipment tanks;
 - (d) Any petroleum UST system whose capacity is one hundred ten gallons or less;

(j) Airport hydrant fuel distribution systems; and

(k) Petroleum UST systems with field-constructed tanks.

(C) If the owner and operator of a petroleum UST system are separate persons, only one of such persons is required to obtain and demonstrate financial responsibility for that particular petroleum UST system; however, both persons are liable in event of noncompliance. Regardless of which person complies, the date for compliance with this rule regarding a particular petroleum UST system as set forth in paragraphs (D) to (D)(5) of this rule shall be determined by the characteristics of the owner.

(D) Compliance dates.

Owners and operators of petroleum UST systems shall comply with the requirements of paragraph (G)(1) of this rule upon the effective date of this rule. Owners and operators of petroleum UST systems shall comply with all other requirements of paragraph (G)(2) of this rule by the following dates:

(1) November 1, 1990, if the owner of the petroleum UST system is a petroleum marketer owning one hundred or more petroleum UST systems within this state or if the owner of the petroleum UST system reports a tangible net worth of twenty million dollars or more to the United States securities and exchange commission (SEC), Dun and Bradstreet, the United States energy information administration, the United States rural electrification administration, or the Ohio department of commerce.

(2) December 1, 1990, if the owner of the petroleum UST system is a petroleum marketer which owns from thirteen to ninety-nine petroleum UST systems within this state at more than one facility;

- (4) December 31, 1993, if the owner of the petroleum UST system owns six or fewer petroleum UST systems within this state and is not the state nor a political subdivision; or
- (5) February 18, 1994, if the owner of the petroleum UST system is the state or a political subdivision.

(E) Definitions.

For the purposes of this rule:

- (1) "Accidental release" means any sudden or nonsudden release of petroleum that was neither expected nor intended by the owner or operator of the applicable UST system and that results in the need for corrective action OR compensation for bodily injury or property damage.
- (2) "Chief financial officer", in the case of state or a political subdivision owner or operator, means the individual with the overall authority and responsibility for the collection, disbursement, and use of funds by the state or political subdivision.
- (3) "Financial reporting year" means the latest consecutive twelve-month period for which any of the following reports used to support a financial test is prepared:
 - (a) A 10-K report submitted to the United States securities and exchange commission; or
 - (b) An annual report of tangible net worth submitted to Dun and Bradstreet; or
 - (c) Annual reports of tangible net worth submitted to the United States energy information administration, the United States rural electrification administration, or the Ohio department of commerce; or
 - (d) A special report by an independent certified public accountant pursuant to paragraphs (L)(4)(c) to (L)(4)(c)(ii) of this rule.

"Financial reporting year" may thus comprise a fiscal or a calendar year period.

- (4) "Fund" is the petroleum underground storage tank financial assurance fund created by division (A) of section 3737.91 of the Revised Code.
- (5) "Fund deductible" is the deductible amount for the fund established pursuant to division (E) of section 3737.91 of the Revised Code.
- (6) "Legal defense cost" is any expense that an owner or operator or provider of financial assurance incurs in defending against claims or actions brought by the following:
 - (a) United States environmental protection agency or the state to require corrective action or to recover the costs of corrective action;
 - (b) A third party for bodily injury or property damage caused by an accidental release or by any person on behalf of such a third party; or
 - (c) A person to enforce the terms of a financial assurance mechanism.
- (7) "Occurrence" means an accident, including continuous or repeated exposure to conditions, which results in a release from a petroleum UST system. As used in this rule, the definition of "occurrence" is intended to clarify the scope of coverage under this rule and is not intended either to limit the meaning of "occurrence" in a way that conflicts with standard insurance usage or to prevent the use of other standard insurance terms in place of "occurrence".
- (8) "Petroleum marketing facilities" include all facilities at which petroleum is produced or refined and all facilities from which petroleum is sold or transferred to other petroleum marketers or to the public.
- (9) "Petroleum marketers" are all persons owning petroleum marketing facilities. Persons owning other types of facilities with petroleum UST systems as well as petroleum marketing facilities are considered to be petroleum marketers.
- (10) "Political subdivision" shall include indian tribes. The term is generally intended to include:
 - (a) Counties, municipalities, townships, separately chartered and operated special districts (including local government public transit systems and

redevelopment authorities), and independent school districts authorized as governmental bodies by state law or constitution; and

(b) Special districts and independent school districts established by counties, municipalities, townships, and other general purpose governments to provide essential services.

- (11) "Property damage" includes, without limitation, liability for corrective actions associated with releases from petroleum UST systems.
- (12) "Provider of financial assurance" means a person that provides financial assurance to an owner or operator of a petroleum UST system through one of the mechanisms listed in paragraphs (L) to (R)(5) of this rule including a guarantor, insurer, risk retention group, surety, or issuer of a letter of credit.
- (13) "Reduced fund deductible" is the reduced deductible amount for the fund established pursuant to division (F) of section 3737.91 of the Revised Code.
- (14) "Substantial governmental relationship" means the extent of a governmental relationship necessary under Ohio law to make an added guarantee contract issued incident to that relationship valid and enforceable. A guarantee contract is issued "incident to that relationship" if it arises from a clear commonality of interest in the event of an UST release such as conterminous boundaries, overlapping constituencies, common ground water aquifer, or other relationship other than monetary compensation that provides a motivation for the guarantor to provide a guarantee.
- (15) "Tangible net worth" means the tangible assets that remain after deducting liabilities; such assets do not include intangibles such as goodwill and rights to patents or royalties. For purposes of this definition, "assets" means all existing and all probable future economic benefits obtained or controlled by a particular person as a result of past transactions.

(F) Amount and scope of required financial responsibility.

- (1) Owners and operators of petroleum UST systems shall obtain and demonstrate for each of the petroleum UST systems within this state which they own or operate financial responsibility both for taking corrective action and for compensating third parties for bodily injury and property damage caused by accidental releases from the petroleum UST systems in the amount of one million dollars per occurrence.

- (2) Owners and operators of petroleum UST systems shall obtain and demonstrate for each of the petroleum UST systems within this state which they own or operate financial responsibility for both taking corrective action and for compensating third parties for bodily injury and property damage caused by accidental releases from the petroleum UST systems in at least the following annual aggregate amounts:

(G) The fund.

- (1) Owners and operators of petroleum UST systems shall obtain and demonstrate a valid certificate of coverage in the fund from the petroleum underground storage tank release compensation board pursuant to division (D) of section 3737.91 of the Revised Code for each tank within this state comprising a petroleum UST system.
- (2) Owners and operators of petroleum UST systems within this state shall obtain and demonstrate financial responsibility for each such petroleum UST system so as to comply with the deductible coverage requirements described in paragraphs (H) to (H)(2) of this rule.

(H) Deductible coverage requirements.

- (1) Subject to the limitations and requirements of paragraphs (I) to (J)(3) of this rule, and in addition to participation in the fund, owners and operators of petroleum UST systems shall obtain and demonstrate financial responsibility for each petroleum UST system within this state using one of the mechanisms listed in paragraphs (L) to (V)(1)(d) of this rule in an amount equal to the following applicable per-occurrence amount:

- (a) If the owner or operator has paid for the year the annual petroleum underground storage tank financial assurance fee established pursuant to division (B) of section 3737.91 of the Revised Code for the tanks comprising the petroleum UST system, the fund deductible; and

- (2) In complying with paragraphs (H)(1) to (H)(1)(b) of this rule, owners and operators shall use only one of the mechanisms described in paragraphs (L) to (V)(1)(d) of this rule for any single petroleum UST system. A single allowable mechanism may specify more than one petroleum UST system for which the mechanism provides coverage.
- (3) If an owner or operator uses different allowable mechanisms for different petroleum UST systems within this state to comply with paragraphs (H) to (H)(2) of this rule, each such different mechanism shall comply with paragraphs (H) to (H)(2) of this rule.

(J) Aggregate amounts for self-insurance, insurance, and risk retention group coverage.

- (1) If an owner or operator uses the self-insurance mechanism described in paragraphs (L) to (L)(9) of this rule to comply with paragraphs (H) to (H)(2) of this rule for any petroleum UST system within this state, the owner or operator shall, in computing the financial test described in paragraphs (L) to (L)(9) of this rule, use the applicable annual aggregate from the following table:

Number of tanks covered by mechanism	Per occurrence amount ^a	Annual aggregate
1-6	reduced fund deductible	reduced fund deductible
1-100	fund deductible	fund deductible
101-200	fund deductible	2 x fund deductible

301 or more	fund deductible	4 x fund deductible

^a the per-occurrence amount for the tanks covered required by paragraphs (H) to (H)(1)(b) of this rule.

^a the per-occurrence amount for the tanks covered required by paragraphs (H) to (H)(1)(b) of this rule.

- (3) If an owner or operator uses any mechanism described in paragraphs (M)(1) to (M)(5) or (O) to (R)(5) of this rule to comply with paragraphs (H) to (H)(2) of this rule for any petroleum UST system within this state, the annual aggregate amount of coverage provided by the mechanism shall be at least equal to the per-occurrence amount for the tanks required by paragraphs (H) to (H)(1)(b) of this rule.

(K) New installations or new acquisitions.

- (1) If additional tanks comprising petroleum UST systems are installed, the owner and operator shall obtain and demonstrate a valid certificate of coverage in the fund from the petroleum underground storage tank release compensation board pursuant to division (D) of section 3737.91 of the Revised Code for each additional tank prior to introducing petroleum into the tank. In addition, the owner and operator shall obtain and demonstrate financial responsibility in compliance with paragraphs (H) to (H)(2) of this rule for each additional tank prior to introducing petroleum into the tank.

In addition, the owner and operator shall obtain and demonstrate financial responsibility in compliance with paragraphs (H) to (H)(2) of this rule for each additional tank prior to bringing the tank into operation.
- (3) If an owner or operator is using self-insurance, insurance, or risk retention group coverage to comply with paragraphs (H) to (H)(2) of this rule, and if the number of additional tanks comprising petroleum UST systems within this state installed or acquired results in such a number of tanks so as to require a greater annual aggregate amount of coverage pursuant to paragraphs (J) to (J)(2) of this rule, the amount of such additional annual aggregate coverage necessary to comply with paragraphs (J) to (J)(2) of this rule shall be obtained and demonstrated by the owner and operator by the first-occurring effective date anniversary of the self-insurance, insurance, or risk retention group coverage used to provide coverage.

(L) Financial test of self-insurance.

- (1) An owner or operator may satisfy the requirements of paragraphs (H) to (H)(2) to this rule by passing a financial test as specified in paragraphs (L)(2) to (L)(9) of this rule. - (1) The state of a political subdivision owner or operator may satisfy the requirements of paragraphs (H) to (H)(2) of this rule by establishing a dedicated fund account that conforms to the requirements of paragraphs (V) to (V)(1)(d) of this rule. Except as specified in paragraph (V)(1)(b) of this

rule, a dedicated fund may not be commingled with other funds or otherwise used in normal operations. A dedicated fund will be considered eligible if it meets one of the following requirements:

- (a) The fund is dedicated by state constitutional provision, or state or political subdivision statute, chapter, ordinance, or order to pay for taking corrective action and for compensating third parties for bodily injury and property damage caused by accidental releases arising from the operation of petroleum underground storage tanks and is funded for the amount of coverage required by paragraphs (H) to (H)(1)(b) of this rule; or
- (b) The fund is dedicated by state constitutional provision, or state or political subdivision statute, charter, ordinance, or order as a contingency fund for general emergencies, including taking corrective action and compensating third parties for bodily injury and property damage caused by accidental release arising from the operation of petroleum underground storage tanks, and is funded for five times the amount of coverage required by paragraphs (H) to (H)(1)(b) of this rule; or
- (c) The fund is dedicated by state constitutional provision, or state or political subdivision statute, charter ordinance or order to pay for taking corrective action and for compensating third parties for bodily injury and property damage caused by accidental releases arising from the operation of petroleum underground storage tanks. A payment is made to the fund once every year for seven years until this fund is fully funded. This seven year period is hereafter referred to as the "pay-in-period." The amount of each payment shall be determined by this formula:

$$[\text{TF} - \text{CF}]/\text{Y}$$

Where TF is the total required financial assurance for the state or political subdivision owner or operation, CF is the current amount in the fund, and Y is the number of years remaining in the pay-in-period, and;

- (i) The state or political subdivision owner or operator has available bonding authority, approved through voter referendum (if such approval is necessary prior to the issuance of bonds), for an amount equal to the difference between the required amount of coverage and the amount held in the dedicated fund. This bonding authority shall be available for taking corrective action and for compensating third parties for bodily injury and property damage

caused by accidental releases arising from the operation of petroleum underground storage tanks; or

- (ii) The state or political subdivision owner or operation has a letter signed by the Ohio attorney general stating that the use of the bonding authority will not increase the state's or political subdivision's debt beyond the legal debt ceilings established by the applicable state laws. The letter must also state that prior voter approval is not necessary before use of the bonding authority.
- (d) To demonstrate that it meets the requirements of the state or political subdivision fund, the chief financial officer of the state or political subdivision owner or operator, or the state or political subdivision serving as a guarantor shall sign a letter worded exactly as follows, except that the instructions in the square brackets are to be replaced by the relevant information and the square brackets deleted:
