6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

The Department of Aging is proposing this amended rule pursuant to Sub. H.B. 473 of the 121st General Assembly (R.C. 119.032), which requires state agencies to review each of their rules every five years and determine whether to continue without change, amend, or rescind them.

7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; if the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

The proposed amended rule outlines standards for the initial designation of regional long-term care ombudsman programs, including the structure of the sponsoring agency, governing board, staff support and required capacity for programmatic activities. In addition, new language requires that the State Long-Term Care Ombudsman shall review all regional program policies and procedures and that those policies and procedures are made available to regional program staff. The policies required by the regional program were expanded to protect confidential information. Also, minor clarifications were made that do not change the meaning, the function, or the intent of the rule.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

*This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.*

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

*This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.*

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so:

12. 119.032 Rule Review Date: **10/6/2006**

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this

rule is the filing date.)

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.

### **FISCAL ANALYSIS**

13. Estimate the total amount by which *this proposed rule* would **increase / decrease** either **revenues / expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will have no impact on revenues or expenditures.

\$0.00

The Department of Aging does not anticipate any increase nor decrease in expenditures appropriated to the Department in the current biennium.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

GRF-490-410, 322-490-618, 3M4-490-612, 4C4-490-609, and 5BA-490-620

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

It is difficult to estimate the cost of compliance for each regional ombudsman program due to geographical differences in demand and long-term care issues. However, federal and state funds are allocated using formulas that take regional differences into consideration (e.g., percentage of long-term care beds in the service area, population age 75 and over, and square mileage of the service area). The Department of Aging anticipates that there will be no new costs to the regional programs associated with complying with this proposed amended language in the rule. If a regional program has not yet adopted policies that comply with the proposed amended rule, the State Long-Term Care Ombudsman's office will provide guidance and/or sample policies previously developed.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
