This rule establishes requirements to include in, or exclude from, AAA -provider agreements (i.e., contracts) for a homemaker service that are paid, in whole or in part, with Older Americans Act funds. ODA proposes to amend this rule to achieve the following:

1. Indicate that laundry activities at a laundromat can be a homemaker activities if the consumer does not have a working washer and dryer.
2. Allow a person to qualify to be a homemaker aide by completing training on only activities that a homemaker aide would provide as an aide. For example, a person who would provide only laundry as an aide would qualify to be an aide by successfully completing training and competency evaluation on laundry.
3. Add standard precautions for infection control to the list of orientation topics.
4. Because ODA does not want providers to have more stringent training requirements for their homemaker aides than for their PCAs, ODA proposes to apply the reduce the in-service training for homemaker aides to 6 hours every 12 months.
5. Remove the limitation for an LPN to be under the direction of an RN in order to supervise a homemaker aide since RC§4723.01 allows other healthcare professionals other than an RN to provide such direction.
6. Indicate that a provider may retain evidence that a supervisor conducted a by telephone or video conference instead of obtaining a unique identifier of the individual. Examples of such evidence may include a report generated by telehealth software, phone records, or a clinical summary of the visit.
