Examples of places to which the service may transport a consumer are a grocery store, a senior center, or a government office. (This service is different than the non-emergency medical transportation service defined in rule 173-39-02.13 of the Administrative Code, which transports a consumer from one place to another for a non-emergency medical purpose.) (See rule 173-39-02.4 of the Administrative Code regarding a escort service or transportation to community service, activity, or resource provided by a consumer-directed individual provider as part of a home-care attendant service.)

  - (2) A case manager authorizes the service;
  - (3) The service is not otherwise available or funded by Ohio's medicaid program (i.e., the "Medicaid card") or another source; and,

- (C) Minimum requirements for a non-medical transportation service in addition to the conditions of participation under rule 173-39-02 of the Administrative Code:

    - (ii) The "Pre-Trip Vehicle Inspection" on form ODA0008 or form ODA00011 (<http://www.aging.ohio.gov/information/rules/forms.aspx>): The provider shall only use a vehicle if, before providing the first service of the day, the driver inspected it and the answers to all questions required by the form were "yes."
