1. Replace words that imply requirements for outdated modes of communication and in-person interaction (e.g., "telephone call," "written announcement," "submit") with other words ("notice" or "provide"). In some cases, to achieve the same effect, ODA proposes to delete "written" or to indicate that something can be done electronically in addition to in writing to achieve the same effect.
2. Indicate that the option for ODA's designee to miss a deadline to conduct reviews in paragraph (C) of this rule is an option only when authorized by ODA.
3. Indicate that the limitations to the sample size of a review during a state of emergency declared by the governor also applies to a federal public health emergency.
4. Indicate that ODA may suspend any review during a state of emergency declared by the governor or a federal public health emergency.

ODA also proposes to make non-substantive improvements to this rule.
