<u>173-4-03</u> <u>Older Americans Act nutrition program: consumer</u> <u>enrollment</u>.

(A) Congregate dining: Before enrolling the consumer into a congregate dining project or congregate dining project based in restaurants or supermarkets, the provider shall verify that a consumer's congregate meals are eligible for payment, in whole or in part, with Older Americans Act funds according to rule 173-4-02 of the Administrative Code.

(B) Home-delivered meals:

- (1) Initial verification: Before enrolling a consumer into a home-delivered meals project, the provider shall verify that his or her home-delivered meals are eligible for payment, in whole or in part, with Older Americans Act funds according to rule 173-4-02 of the Administrative Code.
- (2) Annual verification: The provider shall not keep a consumer enrolled in a home-delivered meals project for more than one year unless, at least once annually, the provider verifies the consumer's home-delivered meals continue to be eligible for payment, in whole or in part, with Older Americans Act funds according to rule 173-4-02 of the Administrative Code.
- (3) Temporary verification: A provider may deem a discharge order to be adequate verification to authorize temporary payment for home-delivered meals, in whole or in part, with Older Americans Act funds until the provider conducts its own verification of eligibility, but only if the following conditions are met:
 - (a) The consumer requires meals before the provider can verify that the consumer's home-delivered meals are eligible for payment, in whole or in part, with Older Americans Act funds.
 - (b) The consumer is sixty years or more old.
 - (c) The discharge order indicates the consumer is unable to prepare his or her own meals, unable to consume meals at a congregate dining location due to physical or emotional difficulties, and lacking another meal support service in the home or community.
 - (d) The provider begins providing home-delivered meals no later than seven days after the discharge.
 - (e) The provider conducts the initial verification no later than thirty consecutive days after the discharge.
- (C) Waiting lists: If a waiting list exists for enrolling into a congregate dining project, congregate dining project based in restaurants or supermarkets, or a home-delivered meals project, the provider or the AAA shall develop a prioritization system that distributes meals equitably by prioritizing consumers who are determined to have

the highest nutritional risk. The provider shall base the consumer's nutritional risk status upon the following:

- (1) The result of a nutritional health screening of the consumer conducted according to rule 173-4-09 of the Administrative Code.
- (2) The nutritional risk status of the spouse (if any), if the spouse is determined to have a higher nutritional risk than the consumer.
