6. **What are the reasons for proposing the rule?**

Section 173.392 of the Revised Code requires ODA to establish requirements to include in, or exclude from, AAA -provider agreements (i.e., contracts) that are paid, in whole or in part, with Older Americans Act funds. The rules in Chapter 173-4 of the Administrative Code establish such requirements for the Older Americans Act Nutrition Program.

ODA proposes to amend this rule.

7. Summarize the rule's content, and if this is an amended rule, also summarize the rule's changes.

Rule 173-4-09 of the Administrative Code establishes requirements applying only to AAA-provider agreements for nutrition health screening.

On June 11, 2020, Governor DeWine issued executive order 2020 23D which authorized ODA to adopt emergency amendments to these rules. The emergency amendments gave providers flexibility to conduct certain responsibilities by telephone, video conference, or in person. On December 31, 2020, ODA adopted amendments to this rule that gave providers flexibility to do the same during a state of emergency declared by the governor. On June 18, 2021, Governor DeWine declared an end to the state of emergency, but also issued executive order 2021-09D to authorize ODA to adopt emergency rule 173-1-04 of the Administrative Code, which declares that providers have the same flexibility until the end of the federal public health emergency. ODA proposes to give providers these flexibilities until the end of federal public health emergency or on an ongoing basis, whether a state or federal emergency exists or does not exist.

ODA also proposes to delete occurrences of "good and," "goods and," and "goods or" as the words appear before occurrences of "service" or "services."

8. Does the rule incorporate material by reference? No

9. If the rule incorporates material by reference and the agency claims the material is exempt pursuant to R.C. 121.75, please explain the basis for the exemption and how an individual can find the referenced material.

Not Applicable

10. If revising or re-filing the rule, please indicate the changes made in the revised or re-filed version of the rule.

ODA refiled this rule to revised its proposed amendments to paragraph (B)(2) of this rule. The refiled version corresponds to amendments previously proposed for paragraph (A)(4)(a) of rule 173-4-05 of the Administrative Code. Instead of giving providers flexibility to provide nutrition health screening by telephone, video conference, or in person during a state of emergency declared by the governor or a federal PHE, the refiled version gives providers that flexibility at all times, but strongly encourages screening in person.

II. Fiscal Analysis

11. Please estimate the increase / decrease in the agency's revenues or expenditures in the current biennium due to this rule.

This will have no impact on revenues or expenditures.

\$0.00

Adopting ODA's proposed amendments to this rule will have no effect upon the biennial budget that the Ohio General Assembly established for ODA in H.B. 110 (134th G.A.).

12. What are the estimated costs of compliance for all persons and/or organizations directly affected by the rule?

Providers establish the rate they are paid when they respond to a request for proposal (RFP) by submitting their bid to the AAA for how much they will charge per unit (e.g., a meal). The amount an AAA pays a provider is an all-inclusive rate. It's intended to cover all costs incurred in providing the project or service, including administration, training, and reporting. Therefore, the provider's bid includes all costs anticipated in providing the project or service.

If the provider's bid wins, the provider is paid what it bid during the open and free competition for the AAA-provider agreement (cf., 45 C.F.R. 75.329 and rules 173 3 04 and 173 3-05 of the Administrative Code).

13. Does the rule increase local government costs? (If yes, you must complete an RSFA Part B). No

14. Does the rule regulate environmental protection? (If yes, you must complete an RSFA Part C). No

15. If the rule imposes a regulation fee, explain how the fee directly relates to your agency's cost in regulating the individual or business.

Not Applicable.
