6. **What are the reasons for proposing the rule?**

ODA operates the Long-Term Care Consumer Guide (Guide). It is available to the public at no cost to the public.

ORC §173.48 is the basis for this rule. It authorizes ODA to charge nursing homes and residential care facilities (RCFs) to annual fees for the operation of the Guide.

This rule implements the annual fees, their invoicing, and certifying cases of unpaid fees to the Ohio Attorney General for collection purposes. Because Am. Sub. House Bill No. 49 of the 132nd General Assembly (HB49) implemented new penalties for unpaid fees in ORC §173.48, ODA now proposes to amend this rule to implement the new penalty language. To implement the amendments, ODA proposes to rescind this rule and simultaneously adopt a new rule in its place to comply with the LSC's 50% guideline.

Additionally, ODA reviewed this rule top-to-bottom, as required at least once before each rule's 5-year deadline.

7. Summarize the rule's content, and if this is an amended rule, also summarize the rule's changes.

Beginning on September 29, 2017, ORC §173.48, as amended by HB49, has authorized ODA to assess "late penalties" to late payments of annual fees. The section (1) authorizes ODA to establish a deadline to pay the annual fee and (2) stipulates the penalty is a doubling of the fee if not paid 90 days after the deadline ODA establishes. ODA proposes to establish the deadline in (B)(2) as 30 days after the date on which ODA mailed the invoice to a facility. ODA proposes to insert (C)(1) to incorporate the penalty language HB49 added to ORC §173.48.

Additionally, ODA is reorganizing and revising this rule in the same manner it recently reorganized and revised the bed-fee rule. As such, the proposed new rule, in comparison to the current rule it will replace, has the following differences:

1. The proposed new rule will no longer require nursing homes and RCFs to mail payment of fees to the Long-Term Care Consumer Guide Fund because such facilities must pay the state treasurer. Instead, it requires ODA's invoice to indicate the available methods of payment. This will also negate the need to include the mailing address in this proposed new rule, because available methods of payment may not involve mailing a check or may have different mailing addresses.

2. The proposed new rule will use "invoice" instead of "billing statement."

3. The proposed new rule will use "deadline for receipt of payment," which ODA defines in (B)(3) as "thirty days after the date on which ODA mailed the invoice to the facility." (C)(1) and (C)(2) will refer back to this date.

8. Does the rule incorporate material by reference? No

9. **If the rule incorporates material by reference and the agency claims the material is exempt pursuant to R.C. 121.71 to 121.76, please explain the basis for the exemption and how an individual can find the referenced material.**

Not Applicable

10. **If revising or re-filing the rule, please indicate the changes made in the revised or re-filed version of the rule.**

On March 6, 2018, ODA made a revised filing to correct the date of the public hearing in the Register of Ohio.

II. Fiscal Analysis

11. **As a result of this proposed rule, please estimate the increase / decrease in revenues or expenditures affecting this agency, or the state generally, in the current biennium or future years. If the proposed rule is likely to have a different fiscal effect in future years, please describe the expected difference and operation.**

This will increase revenues.

\$33,300.00

ODA estimates the proposed rescission of this rule, and simultaneous adoption of a proposed new rule of the same number, will result in a revenue increase of approximately \$33,300.00 for the 2nd year of the current biennium and every year thereafter. Please review the RSFA for the proposed new rule for more information.

12. **What are the estimated costs of compliance for all persons and/or organizations directly affected by the rule?**

The cost of compliance to a nursing home or RCF which pays the fee on time is no more than the cost of the fee established by ORC §173.48.

13. **Does the rule increase local government costs? (If yes, you must complete an RSFA Part B). No**

14. **Does the rule regulate environmental protection? (If yes, you must complete an RSFA Part C). No**
