The district where the chartered or non-chartered nonpublic school is located is responsible for the evaluation of these children.
- (2) The district of residence shall determine whether the child is a child with a disability as the term “child with a disability” is defined in paragraph (B)(10) of rule 3301-51-01 of the Administrative Code. The child must be a child with one of the disabilities listed and defined in paragraph (B)(10) of rule 3301-51-01 of the Administrative Code or with a developmental delay, as provided in paragraph (B)(10)(c) of rule 3301-51-01 of the Administrative Code. - (4) If the district of residence determines that the child is a child with a disability under another category or is a child with a developmental delay in accordance with paragraph (A)(2) of this rule and the child has been identified as having a pervasive developmental disorder – not otherwise specified (PDD-NOS) - the child is considered to be a child with autism for purposes of the autism scholarship program.
- (5) If the district of residence determines that the child is a child with a disability, the district of residence shall conduct reevaluations of the child in accordance with rule 3301-51-06 of the Administrative Code unless the child is attending either a chartered or non-chartered nonpublic school. The district where the

chartered or non-chartered nonpublic school is located is responsible for the reevaluation of these children.

- (6) If the district of residence determines that the child is a child with a disability, the district of residence shall provide the child with an annual IEP that makes a free appropriate public education (FAPE) available to the child.
- (7) The district is not obligated to provide a child participating in the autism scholarship program with FAPE while a parent of the child is receiving funds from the autism scholarship program.
- (8) If, at any time, a parent of a child participating in the autism scholarship program decides to no longer accept funds under the autism scholarship program and the child returns to the district of residence for special education and related services, then the district of residence will be required to provide the child with FAPE.
