The TTT fees have not been increased since they were first established in 1990. These fees are used to cover the cost of reviewing and approving training programs, including checking teaching and work experience qualifications, and on-site visits to training classes to evaluate compliance with regulatory requirements. The TTT fee increases will generate \$300 in FY 10. These fee increases will not cover the entire cost of the program, but will minimize the current GRF subsidy level decrease from \$17,640 to \$17,340.

The TTT fee increases will generate an additional \$600 in FY 11 which will be applicable to the next biennium and result in a further reduction in GRF subsidy level to \$ 16,740.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:
