This will increase expenditures.

\$1,250.00

It is anticipated that this program will require approximately 40 hours of time at an average of \$25 per hour for the development of an RFP, award of a contract, meetings with the contractor to ensure program is set up and functioning as anticipated, and an additional 10 hours at \$25 per hour for oversight and monitoring by Ohio Department of Health.

This program will require completion of an application by the family and proof of income. With an average time of 30 minutes to complete the application and another 15 minutes to procure a copy of the verification of income, cost per family application would be \$18.75 (45/60 X \$25).

The fees set for providers within this program should cover their basic costs for processing the application, making ear molds, and fitting the hearing aids to the child so the net impact on them in terms of cost to provider should be zero.
