There are two required trainings in person for service coordinators and home visitors which may require costs or hotel accommodations and mileage reimbursement, when the training requires travel out of county.

B.) Does this rule impose a criminal penalty, a civil penalty, or another sanction, or create a cause of action, for failure to comply with its terms? **No**

Each individual utilized as a supervisor of home visitors or service coordinators, a home visitor, or a service coordinator shall meet the education and training requirements set forth in this rule and maintain such credential without lapse. If a home visitor or service coordinator serves families in HMG before the supervisor, home visitor, or service coordinator obtains the HMG credential or after a credential lapses, the department may take any of the actions listed in paragraph (B) of rule 3701-8-02.1 of the Administrative Code.

C.) Does this rule require specific expenditures or the report of information as a condition of compliance? **Yes**

This rule requires that home visitors are credentialed before they are qualified to serve families in Help Me Grow. The federal regulations for Early Intervention require that personnel be qualified and that the lead agency (ODH) have processes in place for assuring that personnel are qualified. In order to become credentialed, trainings may cost the contractor some money, although the ODH has subsidized or paid for the majority of required trainings and will continue to, after this rule goes into effect. Most trainings cost nothing because they are available on demand on-line. Additionally, contractors must ensure that their hired or sub-contracted employees providing HMG services input their information into the Ohio Professional Registry as a condition of obtaining their credential at no cost.

Rule Summary and Fiscal Analysis (Part B)

1. Does the Proposed rule have a fiscal effect on any of the following?

(a) School Districts	(b) Counties	(c) Townships	(d) Municipal Corporations
No	Yes	No	No

2. Please provide an estimate in dollars of the cost of compliance with the proposed rule for school districts, counties, townships, or municipal corporations. If you are unable to provide an estimate in dollars, please provide a written explanation of why it is not possible to provide such an estimate.

This rule requires that home visitors meet the educational and training requirements for a department-issued, HMG credential. The estimated cost of fulfilling the training requirements for this credential include time away from work, travel and overnight accommodations, when necessary. In addition, service coordinator ones(1) must maintain a reduced caseload for the first six months of employment while they learn the job. Credentialed personnel have met these requirements, but if a new individual is hired, they have to become credentialed before being allowed to serve families (HV) without a caseload maximum (EI). In cases of required in-person trainings (1 # 3, depending on role requirements; all others are available on-line, free and at whenever the learner is available), materials are paid for by ODH, the estimated two day salary & fringe, overnight accommodations, and roundtrip mileage are: \$520 (salary/fringe) + \$100 (hotel) + \$60 (car mileage) = \$780.

3. If the proposed rule is the result of a federal requirement, does the proposed rule exceed the scope and intent of the federal requirement? **No**

4. If the proposed rule exceeds the minimum necessary federal requirement, please provide an estimate of, and justification for, the excess costs that exceed the cost of the federal requirement. In particular, please provide an estimate of the excess costs that exceed the cost of the federal requirement for (a) school districts, (b) counties, (c) townships, and (d) municipal corporations.

Not Applicable.

5. Please provide a comprehensive cost estimate for the proposed rule that includes the procedure and method used for calculating the cost of compliance. This comprehensive cost estimate should identify all of the

major cost categories including, but not limited to, (a) personnel costs, (b) new equipment or other capital costs, (c) operating costs, and (d) any indirect central service costs.

The estimated cost is time away from work, travel and overnight accommodations for every individual who needs the required two day training institute training. These trainings are offered throughout the state, but in instances where individuals must travel more than 60 miles, the estimated two day salary & fringe, overnight accommodations, and roundtrip mileage are: \$520 (salary/fringe) + \$100 (hotel) + \$60 (car mileage) = \$780.

(a) Personnel Costs

\$510 (salary/fringe) for 16 hours of work (2 days of training)

(b) New Equipment or Other Capital Costs

N/A

(c) Operating Costs

N/A

(d) Any Indirect Central Service Costs

N/A

(e) Other Costs

\$100 (hotel) and \$60 (car mileage), when applicable

6. Please provide a written explanation of the agency's and the local government's ability to pay for the new requirements imposed by the proposed rule.

Through a contract with ODH, the department provides \$2500 per credentialed home visitor, which will offset the costs for training and costs incurred because of the need to travel for the required Training Institute or affiliation-related training.

Faxing, scanning, or copying costs associated with sending proof of trainings to the Ohio Professional Registry, as required for the Supervisor, Home Visitor, and Service Coordinator credential.

Through a grant with ODH, Service Coordination contractors budget for travel and training expenses as expected for their staff of service coordinators. Training costs reimbursed as expenditures once reported to the department from grantees.

7. Please provide a statement on the proposed rule's impact on economic development.

Given that the contract and the grant anticipated and planned for new or additional costs, the impact on economic development is not applicable. The grant provides for training costs allowable in each contractor's budget and expenditures.
