### **FISCAL ANALYSIS**

13. Estimate the total amount by which *this proposed rule* would **increase /decrease** either **revenues /expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will decrease expenditures.

\$1.9M

The projected medical costs impacts for the 2015 proposed medical services and professional provider fee schedule will be a reduction in reimbursements of approximately 0.7%, which will reflect an estimated decrease of approximately \$1.9 million.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

These services are paid out of BWC's State Insurance Fund as injured worker benefits. Therefore, there is no net impact to BWC's appropriated administrative budget.

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

The impacted business community consists of the providers of medical and professional services to injured workers, rendered both in the facility and non-facility setting, as well as self-insured employers administering the program. Implementation of fee schedule changes is a necessary part of yearly methodology updates for both medical service and professional providers and self-insuring employers. The estimated cost of compliance will be providers and employers time in implementing the changes in order to comply with the rule. Given the Medicare methodology has been in use by the Bureau since 1997, the annual implementation of update is relatively routine for providers and self-insured employers and it is estimated that the time needed for implementation will be less than 20 hours.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**

B.) Does this rule impose a criminal penalty, a civil penalty, or another sanction, or create a cause of action, for failure to comply with its terms? **No**

C.) Does this rule require specific expenditures or the report of information as a condition of compliance? **Yes**
