6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

BWC is required to adopt annual changes to its fee schedules via the O.R.C. Chapter 119. rulemaking process. The rule establishes the fees to be paid by BWC to providers of inpatient hospital services for injured workers.

7. If the rule is an AMENDMENT, then summarize the changes and the content

of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

BWC's hospital inpatient fee schedule is based largely on Medicare's inpatient prospective payment system (IPPS). The Medicare IPPS is fully evaluated and updated yearly to ensure appropriate reimbursement levels to hospitals. Accordingly, BWC is updating this rule to match IPPS.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

Title XVIII of the Social Security Act and the Code of Federal Regulations, 42 C.F.R. Part 412, is easily available on-line, free of charge.

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.

FISCAL ANALYSIS

13. Estimate the total amount by which *this proposed rule* would **increase/decrease** either **revenues /expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will increase expenditures.

\$2.6M

BWC expenditures for hospital inpatient services are expected to increase by approximately \$2.6 million under this rule.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

n/a

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

The impacted business community consists of the hospitals that provide inpatient care to injured workers and also self-insured employers that also administer this rule.

Implementation of fee schedule changes is a necessary part of yearly methodology updates for both hospitals and self-insuring employers. Because this methodology is largely based on Medicare, both hospitals and self-insuring employers will realize minimal adverse impacts. The adverse impact to the self insured employers will be employer time and/or reimbursement business expense for programming and executing the fee schedule changes. The adverse impact to hospitals will be the cost of hospitals to incorporate relevant changes into the hospitals' billing system.

It is estimated that self insuring employers and hospitals would require less than 10 hours of programming time in order to comply with this rule.

16. Does this rule have a fiscal effect on school districts, counties, townships, or

municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
