

4501-8-14

Safe operation of vehicles.

To assure the safety and welfare of students and instructors when providing behind-the-wheel instruction, the driver training enterprise's authorizing officials, coordinators, and instructors shall assess all factors that affect driving conditions and shall take corrective action to ensure the continued safe operation of driver training vehicles. Officials, coordinators, and instructors shall evaluate road conditions, the environment, vehicle condition, road construction, traffic, weather, and any other factors that may affect the safe operation of a motor vehicle before and during any behind-the-wheel instruction.
