Special plates for reservists, veterans and active duty personnel.**RULE SUMMARY**

1. Is the rule being filed consistent with the requirements of the RC 119.032 review? **No**

2. Are you proposing this rule as a result of recent legislation? **No**

3. Statute prescribing the procedure in accordance with the agency is required to adopt the rule: **119.03**

4. Statute(s) authorizing agency to adopt the rule: **R.C. 4501.02, R.C. 4503.48, R.C. 4503.53, R.C. 4503.54**

5. Statute(s) the rule, as filed, amplifies or implements: **R.C. 4503.48, R.C. 4503.53, R.C. 4503.54**

6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

This proposed rule change is based on procedural changes undertaken by the U.S. military. Previously an applicant's United States armed forces identification card included an indication as to whether a person was considered to be on active duty status. The United States armed forces identification cards are no longer required to indicate this information and therefore reference to them as a form of documentation of active duty status recognized by the Bureau of Motor Vehicles for the purpose of obtaining special license plates is being proposed for removal

from the rule.

7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

This rule sets forth the written evidence required of applicants for reservist and veteran special license plates and provides definitions. HB 406 (125th GA) had also allowed that active duty personnel in any branch of the armed forces of the United States could obtain special plates and this is reflected in the rule. For purposes of proving active duty military status to obtain an active duty license plate, because the United States armed forces identification cards are no longer required to indicate this status, the proposed rule amendment to paragraph (M) eliminates United States armed forces identification cards as a form of Bureau of Motor of Vehicles recognized proof.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:
