This rule is proposed to reflect procedural changes that resulted from the FBI's decision to retire originating agency identifiers for private entities in Ohio providing technical services to criminal justice agencies. This rule is also simultaneously being proposed for rescission due to LSC's fifty percent guideline. It is estimated that the proposed changes to this rule strike approximately half of the existing text while adding a comparable amount of new text.

This rule establishes the required points of contact for agencies participating in LEADS and N-DEx and sets forth the expectations for said contacts. Proposed amendments in this new rule remove "fully" from paragraph (A); remove sub-paragraphs (A1) to (A2) and (B1) to (B2); and add N-DEx agency coordinator and NTAC responsibility as new paragraph (D).

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This rule incorporates by reference LEADS/N-DEx security policies.

Section 121.75 of the Revised Code provides an exception to the provisions of sections 121.71 to 121.74 of the Revised Code for a text or other material, including, without limitation, generally accepted industry standards, that is generally available to persons who reasonably can be expected to be affected by the rule is incorporated by reference into a rule, so long as the incorporation by reference consists of a citation that will be intelligible to the persons who reasonably can be expected to be affected by the rule and that, if the incorporated text was, is, or reasonably can be expected to be subject to change, identifies and specifies the date of, the particular edition or other version that is incorporated.

LEADS/N-DEx security policies are provided to those who access LEADS via the ODPS/LEADS intranet or dissemination to LEADS agencies.

Not Applicable.

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so. If applicable, indicate each specific paragraph of the rule that has been modified:

This revised filing attaches the correct version of the rule. An amended rule (as opposed to new) was inadvertently uploaded during original filing.

12. Five Year Review (FYR) Date:

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this rule is the filing date.)
