## <u>4715-11-02</u> Basic qualified personnel; functions.

Basic qualified personnel must be trained directly via an employer/dentist, via in-office training, and/or via a planned sequence of instruction in an educational institution.

- (A) Under the direct supervision of the licensed dentist, the basic qualified personnel may perform basic remediable intra-oral and extra-oral tasks and/or procedures including the following, but do not include any advanced remediable intra-oral tasks and/or procedures as defined in agency level rule 4715-11-04 of the Administrative Code.
  - (1) Aspiration and retraction, excluding placement of gingival retraction materials.
  - (2) Intra-oral instrument transfer.
  - (3) Preliminary charting of missing and filled teeth.
  - (4) Elastomeric impressions for diagnostic models and models to be used for opposing models in the construction of appliances and restorations.
  - (5) Taking impressions for the construction of custom athletic mouth protectors/mouthguards, and trays for application of medicaments.
  - (6) Application of disclosing solutions.
  - (7) Caries susceptibility testing.
  - (8) Demonstration of oral hygiene procedures, including, but not limited to, use of toothbrushes and dental floss.
  - (9) Shade selection for fabrication of appliances or restorations.
  - (10) Application of topical anesthetics.
  - (11) Pulp testing.
  - (12) Fluoride application.
  - (13) Topical applications of desensitizing agents to teeth.
  - (14) Application and removal of periodontal dressings.
  - (15) Suture removal.
  - (16) Placement of rubber dam over preplaced clamp, and removal of clamp and rubber dam.
  - (17) Application of cavity varnish.

- (18) Impression, fabrication, cementation and removal of provisional restorations, not to include palliative or sedative restorations.
- (19) Preliminary selection and sizing of stainless steel crowns.
- (20) Preliminary selection and sizing of orthodontic bands and arch wires.
- (21) Checking for and removal of loose orthodontic bands and loose brackets.
- (22) Intra-oral bite registrations for diagnostic model articulation, restorations, and appliances.
- (23) Irrigation and drying of canals during endodontic procedures.
- (24) Placement of medication in the pulp chamber(s) of teeth with non-vital pulp or instrumented root canals.
- (25) Placement and removal of surgical dressings.
- (26) Placement and removal of orthodontic arch wires, auxiliary arch wires, and ligation of same to orthodontic bands and/or brackets.
- (27) Placement and removal of orthodontic separators and ties.
- (28) Polymerization of light-activated restorative or bonding materials.
- (29) All supportive services necessary to the maintenance of a hygienic practice environment, including, but not limited to, all sterilizing procedures.
- (30) All supportive services or procedures necessary to protect the physical well-being of the patient during routine treatment procedures and during periods of emergencies, including, but not limited to:
  - (a) Physical positioning of the patient;
  - (b) Monitoring of vital signs;
  - (c) Assistance during administration of life-support activities; and
  - (d) Any other non-invasive procedures deemed necessary by the supervising dentist to maintain the health and safety of the patient.
- (31) All non-invasive supportive services and procedures necessary to the gathering and maintaining of accurate and complete medical and dental history of the patient, including, but not limited to:

(a) Taking photographs;

- (b) Recording patient treatment;
- (c) Measurement of blood pressure and body temperature; and
- (d) Other common tests deemed necessary by the supervising dentist.
- (32) All extra-oral supportive laboratory procedures, including, but not limited to:
  - (a) Repair, construction and finishing of metallic and plastic prosthetic devices; and
  - (b) Compilation of radiographic data for interpretation by the dentist, i.e., tracings, etc.
- (33) The preparation of materials, drugs and medications for use in dental procedures, including, but not limited to:
  - (a) Palliative materials;
  - (b) Impression materials; and
  - (c) Restorative materials.
- (34) All patient education services, including, but not limited to:
  - (a) Progress reports;
  - (b) Consultations (oral or written);
  - (c) Oral hygiene instructions;
  - (d) Use of intra-oral hygiene devices:
  - (e) Normal nutrition information as it relates to dental health;
  - (f) Behavioral modification;
  - (g) Self adjustment of orthodontic appliances; and
  - (h) All other post-operative and post-insertion instructions, as deemed appropriate by the supervising dentist.
- (35) All non-invasive supportive services normally utilized in conjunction with the treatment by the dentist of fascia pain or TMJ syndrome.
- (36) Preparing the teeth for restorations or for the bonding of orthodontic brackets by treating the supragingival coronal surfaces of the teeth to be bonded with a

conditioning or etching agent and by the placement of a bonding agent adhesive.

- (37) Impressions for removable or fixed orthodontic appliances.
- (38) Nitrous oxide-oxygen (N2O-O2) minimal sedation monitoring A dental assistant may monitor N<sub>2</sub>O-O<sub>2</sub> minimal sedation as defined in board rule 4715-3-01 if all of the following requirements are met:
  - (a) The dental assistant must be at least 18 years of age.
  - (b) The dental assistant has at least two years and three thousand hours of experience in the practice of dental assisting.
  - (c) The dental assistant has completed a basic life-support training course certified by the American heart association, the American red cross, or the American safety and health institute, and remains current at all times when monitoring N<sub>2</sub>O-O<sub>2</sub> minimal sedation.
  - (d) The dental assistant has successfully completed a six-hour course in N<sub>2</sub>O-O<sub>2</sub> minimal sedation monitoring as defined in rule 4715-11-02.1. A certificate, documenting successful completion of the course, must be provided to the dental assistant by the permanent sponsor within ten days. This original certificate or a copy must be maintained in the office(s) wherein the dental assistant is employed. The course must be taken through a permanent sponsor.
  - (e) Under no circumstances may the dental assistant administer, adjust, or terminate N<sub>2</sub>O-O<sub>2</sub> minimal sedation.
  - (f) The dental assistant shall not monitor more than one (1) patient at a time.
  - (g) The dental assistant shall physically remain with the patient at all times.
  - (h) The dental assistant must document the supervising dentist's approval for discharge of the patient.
  - (i) Nothing in this rule shall be construed to allow the dental assistant to administer N<sub>2</sub>O-O<sub>2</sub> minimal sedation.
