

4715-11-04

Expanded function dental auxiliaries; functions.

A licensed dentist may assign to an expanded function dental auxiliary under his direct supervision and full responsibility the following tasks and/or procedures in addition to those basic remediable intra-oral and extra-oral dental tasks and/or procedures as defined in rule 4715-11-02 of the Administrative Code.

(A) "Advanced remediable intra-oral dental tasks and/or procedures" - all tasks and/or procedures involved in the art or placement of preventive or restorative materials limited to the following:

(1) Pit and fissure sealants;

(2) Amalgam restorative materials; and

(3) Non-metallic restorative materials, including direct-bonded restorative materials.
