3. Statute prescribing the procedure in accordance with the agency is required to adopt the rule: **119.03**

4. Statute(s) authorizing agency to adopt the rule: **4723.07**

5. Statute(s) the rule, as filed, amplifies or implements: **4723.06**

6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

As a result of the five year review process, it was determined necessary to adopt a new rule to clarify the issues relating to board management of documents and records.

7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

The new version of this rule eliminates a list of the different licenses and

certificates issued by the board. This is done since the board has, in recent years, assumed responsibility for certification and regulation of practitioners in addition to nurses and dialysis technicians. Rather than include specific language that might become quickly outdated, the proposed language is more general and refers to "licenses and certificates." The actual processes for document and record management are not changed although certain issues are clarified. Also, terminology is revised to reflect more current language.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.
