7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

This rule addresses the process for approvel of a faculty-directed continuing

education activity. Many of the changes reflected in the new version of this rule are non-substantive drafting changes. In paragraph (A)(2) previous language specifying membership on a continuing education activity planning committee is eliminated. Language is included instead to require that if licensed practical nurses are included in an activity's target audience, a licensed practical nurse must be involved in planning the activity. In addition, language in paragraph (C)(7) is expanded to provide specific reference to types of continuing education that are generally referenced in the current rule.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

Not Applicable.

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so:

The term "unit or other person" is deleted after "provider" in paragraphs (D) and (E). In addition, language in paragraph (G), as filed, is moved to rule 4723-14-17 since it relates to provider units, rather than individual continuing education activities.
