This rule establishes the qualifications for administrators, faculty, teaching assistants, and preceptors in registered nursing education programs. The rule is

promulgated as a new rule so as to reverse the order of paragraphs (A) and (B). In the current rule, paragraph (A) addresses qualifications for program administrators, faculty, and other instructional personnel hired after September 1, 1971 and before April 2, 1996; paragraph (B) applies to hires on and after September 2, 1996. In the new rule, the order is reversed so that those searching the rule to find the current requirements for program administrators, faculty, and other instructional personnel will find them in the first paragraph.

In paragraph (A)(2), a previous reference to "associate or assistant administrator" is changed to "associate administrator" to standardize use of the term. In paragraph (A)(5)(c), language is revised to eliminate the reference to "specialty certification" and require a demonstration of competence in a practice area rather than a demonstration of expertise. The latter standard is felt to be difficult to define and to establish.

Throughout this rule, as with other rules in the chapter, the term "registered nurse" or "registered nursing" is used in the place of previous references to "professional nurse" and "professional nursing."

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

*This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.*

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

*This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.*

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

*Not Applicable.*

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so:

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.
