I. Rule Summary

1. **Is this a five year rule review?** No
 - A. **What is the rule's five year review date?** 12/19/2021
2. **Is this rule the result of recent legislation?** No
3. **What statute is this rule being promulgated under?** 119.03
4. **What statute(s) grant rule writing authority?** ORC 4723.07
5. **What statute(s) does the rule implement or amplify?** ORC 4723.06, 4723.09
6. **What are the reasons for proposing the rule?**

ORC 4723.07 requires the Board to adopt rules regulating nursing licensure. The rule provides requirements for registered nursing licensure by endorsement.

7. **Summarize the rule's content, and if this is an amended rule, also summarize the rule's changes.**

The rule provides requirements for registered nursing licensure by endorsement. The change would expedite the licensing process by eliminating additional document requirements. The applicant would have already been licensed by examination in another state which had reviewed the educational preparation of the applicant.

8. **Does the rule incorporate material by reference? Yes**
9. **If the rule incorporates material by reference and the agency claims the material is exempt pursuant to R.C. 121.71 to 121.76, please explain the basis for the exemption and how an individual can find the referenced material.**

The rule states that information regarding the availability of materials referenced in the rule is located in Rule 4723-1-03(G), OAC, which provides the public a website link to all the materials, <http://www.nursing.ohio.gov/forms.htm>.

The material referenced is a form that is readily available on a public website. Forms contain data (e.g., calendar dates, references to statutes) that are updated from time to time, and it is infeasible, and not a good use of state resources, to file new rules and hold public rule hearings, each time changes are made to forms. In addition, some forms referenced are representative samples, as the forms used by individuals are mailed to them directly and contain secure passwords to access and file the form on the Ohio eLicense Center electronic database, and it is infeasible to attach forms containing personal identifiers to public rule filings.

10. **If revising or re-filing the rule, please indicate the changes made in the revised or re-filed version of the rule.**
