The rule is proposed to make terminology changes in accordance with recently passed HB 216 of the 131st General Assembly.
7. **Summarize the rule's content, and if this is an amended rule, also summarize the rule's changes.**

The rule establishes criteria for renewal of an advanced practice registered nurse (APRN) license and notification of national re-certification. The revised rule adds a paragraph to reference additional continuing education requirements for APRNs.

8. **Does the rule incorporate material by reference? Yes**
9. **If the rule incorporates material by reference and the agency claims the material is exempt pursuant to R.C. 121.71 to 121.76, please explain the basis for the exemption and how an individual can find the referenced material.**

The material referenced is a form that is readily available on a public website. Forms contain data (e.g., calendar dates, references to statutes) that are updated from time to time, and it is infeasible, and not a good use of state resources, to file new rules and hold public rule hearings, each time changes are made to forms. In addition, some forms referenced are representative samples, as the forms used by individuals are mailed to them directly and contain secure passwords to access and file the form on the Ohio eLicense Center electronic database, and it is infeasible to attach forms containing personal identifiers to public rule filings.

10. **If revising or re-filing the rule, please indicate the changes made in the revised or re-filed version of the rule.**
