FISCAL ANALYSIS

13. Estimate the total amount by which *this proposed rule* would **increase / decrease** either **revenues / expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will have no impact on revenues or expenditures.

\$0.00

The Board estimates that the proposed amendment to the rule would have no impact upon the biennial budget the Ohio General Assembly established for the Board. However, the Board estimates that using electronic certificates would allow the Board to operate more efficiently within its current budget by freeing up to \$5,000 presently spent on paper certificates of registration and the cost of processing those certificates.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

5MT0-490-627 Board of Executives of LTSS

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

The Board estimates that there is no cost of compliance associated with the proposed amendment of the rule. On the contrary, the proposed amendment would allow the Board to disseminate electronic certificates of registration, which should expedite the dissemination of such certificates, which would reduce the time needed to annually register and receive a certificate of registration.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
