This rule is simultaneously being proposed for rescission under the same rule number.

7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

Rule 4765-11-01 of the Administrative Code sets forth the definitions and incorporated references pertaining to firefighters, fire safety inspectors, instructors and chartered programs that are utilized in Chapter 4765-11, as well as Chapters 4765-20 to 4765-23 of the Administrative Code. In this new rule, definitions were updated and paragraph (CC) was added to comply with sections 121.71 to 121.74 of the Administrative Code by appropriately addressing all materials incorporated by reference in Chapter 4765-11, as well as Chapters 4765-20 to 4765-23 of the OAC.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

To comply with sections 121.71 to 121.74 of the Revised Code, paragraph (CC) of this rule (4765-11-01) specifically addresses all materials incorporated by reference in Chapter 4765-11 and Chapters 4765-20 to 4765-23 by providing full citations and the date/version of the materials as appropriate, as well as referring readers to where and how all incorporated materials may be accessed making all materials referenced in these chapters readily available to fire service certificate holders, instructors, and chartered programs, who are the persons or entities most reasonably expected to be affected by these rules via via http://ems.ohio.gov/ems_fire_srvcs.stm.

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

All materials are being filed as part of this package with the exception of the following training modules, which are available only via interface access with the EMS/Fire Services web application at http://ems.ohio.gov/fire_srvcs.stm: "Courage to be Safe: Sixteen Life Safety Initiatives Course," "Fire Safety Inspector Training Module," "Fire Service Training Module," "Live Fire Training Awareness Course," "Live Fire Training Operations Course;" and the following training modules, which are copyrighted and available only via the Federal Emergency Management Agency's website at www.fema.gov: National Incident Management System Courses IS-700 and ICS-100; and the National Fire Protection Association (NFPA)

standards, which are copyrighted and available only through NFPA at www.nfpa.org.

As the list of materials incorporated by reference in Chapter 4765-11 and Chapters 4765-20 to 4765-23 is extensive, a complete list of incorporated materials with corresponding rule numbers is also filed as an attachment to this RSFA.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

Not Applicable.

12. 119.032 Rule Review Date:

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.

This rule sets forth the definitions and incorporated references for Chapter 4765-11 of the Administrative Code. This rule, in and of itself, does not require prior authorization to engage in business. However, it is part of a filing package that does, as some provisions in Chapter 4765-11 require fire service training programs to receive approval from the EMS executive director for a program charter prior to offering courses at the following classification levels: volunteer firefighter, firefighter I, firefighter II, fire safety inspector, fire instructor or fire safety instructor.

This rule sets forth the definitions and incorporated references for Chapter 4765-11 of the Administrative Code. However, it is part of a filing package that does, as provisions in Chapter 4765-11 require fire chartered programs to comply with curriculum objectives and instructional hours set forth in this chapter, which would include the cost of instructional materials, instructor time, and equipment as the program deems necessary. Additionally, provisions of Chapter 4765-11 require chartered programs to submit written notice of change in a program's business information within 10 days of the date the change occurred.
