This rule sets forth the general qualifications for firefighter and fire safety inspector instructors. New language in paragraph (A) clarifies that prospective trainees must

In addition, compliance with continuing education requirements under paragraph (B) was amended to allow for a review every two years rather than every year. In accordance with this provision, the continued education requirements were changed from six hours per year to twelve hours every two years. In addition, language was removed that required attendance at update meetings held by the Division of EMS. Other changes include requiring instructors to teach sixteen hours of fire instruction rather than one fire course, and allowing the fire chief to approve courses for in-service training rather than the chartered program.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

Not Applicable

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

The amendments to this rule do not create an additional cost of compliance. Instructors will not incur any additional costs from being required to teach sixteen hours of fire instruction rather than one fire course; they may, in fact, financially benefit from teaching such additional hours. Similarly, the schools hiring the instructors will not incur additional costs in response to this amendment as the schools pay a set fee to provide an entire fire program, regardless of the number of hours taught by each instructor.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
