New language requires students taking a Firefighter I course to submit proof of successful completion of NIMS training. This requirement is already listed in former rule 4765-11-03 and is being moved to each respective curriculum rule. As such, there is no additional cost of compliance. Schools may see increased expenditure due to added driver training requirements, unless there are written affiliation agreements in place to provide equipment and apparatus necessary to

complete the training requirements. Students enrolling in the Firefighter I course must still pay for the cost of the course, which is approximately \$1,000.00; however cost will vary by location. There is no cost to county or municipal governments for these courses unless they choose to pay the costs of the individual's Firefighter I course. Partial reimbursement is available through the State Fire Marshal's office.
