Rule Title/Tag Line

Firefighter II curriculum.**RULE SUMMARY**

1. Is the rule being filed consistent with the requirements of the RC 119.032 review? **Yes**

2. Are you proposing this rule as a result of recent legislation? **No**

3. Statute prescribing the procedure in accordance with the agency is required to adopt the rule: **119.03**

4. Statute(s) authorizing agency to adopt the rule: **4765.55**

5. Statute(s) the rule, as filed, amplifies or implements: **4765.55**

6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

This rule is being filed pursuant to a completed R.C. 119.032 five-year rule review. This rule is being proposed for rescission due to LSC's fifty percent guideline. It is estimated that changes to the rule strike approximately half of the existing text while adding a comparable amount of new text. This rule is simultaneously being proposed as a new rule under the same rule number.

7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

The rule sets forth the course hours and content requirements for the firefighter II curriculum.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This rule incorporates National Incident Management System (NIMS) courses IS-700 and IS-100 and National Fire Protection Association (NFPA) standards. While these courses and materials are commonly known and have been made generally available to affected persons via the Federal Emergency Management Agency's (FEMA) and NFPA websites, this rule did not originally address the materials in compliance with sections 121.71 to 121.74 of the Revised Code. This rule is simultaneously proposed for rescission and adoption under this same rule number, in part, to address these materials. The new rule, under this same rule number, will refer readers to rule 4765-11-01(N) (See Filing Package 114977) where all materials incorporated by reference in Chapter 4765-11 and Chapters 4765-20 to 4765-23 are appropriately addressed including date/version of materials, as well as availability via http://ems.ohio.gov/ems_fire_srvcs.stm.

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

The materials incorporated by reference in this rule are not being filed as part of this package as the materials are copyrighted and available only via the Federal Emergency Management Agency's website at www.fema.gov and the National Fire Protection Association (NFPA) website at www.nfpa.org. To comply with sections 121.71 to 121.74 of the Revised Code, these materials are fully addressed in rule 4765-11-01(N) (See Filing Package 114977), which provides full citation, date/version of the material, and availability via http://ems.ohio.gov/ems_fire_srvcs.stm.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material,

provide an explanation of why filing the text or other material was infeasible:

The materials incorporated by reference in this rule are not being filed as part of this package as the materials are copyrighted and available only via the Federal Emergency Management Agency's website at www.fema.gov and the National Fire Protection Association (NFPA) website at www.nfpa.org. To comply with sections 121.71 to 121.74 of the Revised Code, these materials are fully addressed in rule 4765-11-01(N) (See Filing Package 114977), which provides full citation, date/version of the material, and availability via http://ems.ohio.gov/ems_fire_srvcs.stm.

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so. If applicable, indicate each specific paragraph of the rule that has been modified:

Not Applicable.

12. 119.032 Rule Review Date: **1/16/2014**

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this rule is the filing date.)

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.

19. Specific to this rule, answer the following:

A.) Does this rule require a license, permit, or any other prior authorization to engage in or operate a line of business? **No**

This rule is being rescinded and simultaneously proposed for adoption under this same rule number. In and of itself, it does not require prior authorization to engage in business. However, it is part of a filing package that does, as some provisions in Chapter 4765-11 require fire service training programs to receive approval from the EMS executive director for a program charter prior to offering courses at the following classification levels: volunteer firefighter, firefighter I, firefighter II, fire safety inspector, fire instructor or fire safety instructor.

B.) Does this rule impose a criminal penalty, a civil penalty, or another sanction, or create a cause of action, for failure to comply with its terms? **No**

This rule is being rescinded and simultaneously proposed for adoption under this same rule number. In and of itself, it does not impose a penalty or sanction. However, it is part of a filing package that does, as some provisions in Chapter 4765-11 establish that an administrative sanction up to and including revocation of a fire service training program charter or classification may be imposed for violations of Chapter 4765-11 of the Administrative Code pursuant to rule

4765-23-02 of the Administrative Code.

C.) Does this rule require specific expenditures or the report of information as a condition of compliance? **Yes**

This rule is being rescinded and simultaneously proposed for adoption under this same rule number. As it set forth instructional requirements for the Firefighter I and II courses, it is estimated that students enrolling in the course typically incurred tuition costs of approximately \$1200.
