This rule is being filed as part of a comprehensive five-year rule review and reorganization of the fire training rules in agency 4765 of the OAC, at the request of stakeholders. OAC chapters governing fire charters, fire service and fire instructor training, professional standards, and discipline are proposed to be made consecutive chapters in OAC 4765, and a chapter including definitions and items incorporated by reference as two separate rules has been added. At the request of Ohio's fire service, represented by the Ohio Fire Chiefs' Association, the Ohio State Firefighters Association, and the Ohio Association of Professional Firefighters, proposed revisions add language creating a live fire instructor (LFI) certification and a hazard recognition officer (HRO) certification and address emergency vehicle operations training and

curriculum hours. Working with the Ohio Department of Education and chartered high school training programs, revisions have been made to improve the success rate of students enrolled in high school fire training programs.
