This rule sets forth the continuing education requirements needed for a firefighter to renew a firefighter certificate. This rule is being proposed as an amendment to include provisions for firefighter certificate holders who are not affiliated with an Ohio fire department or those who reside outside of Ohio, to have continuing education recognized to comply with renewal requirements. This rule specifies that training received from the National Fire Academy, Fire Department Instructors Conference, Fire-Rescue International, and National Domestic Preparedness Consortium may be used to fulfill the continuing education requirements.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

This response left blank because filer specified online that the rule does not incorporate a text or other material by reference.
