7. **Summarize the rule's content, and if this is an amended rule, also summarize the rule's changes.**

This rule defines risk adjustment and specifies certain methodologies for risk adjustment that must be used before clinical data can be made public or released in response to a public records request. Paragraph (D) of rule 4765-4-04 is being amended to split the existing (D)(1) and include paragraph (D)(2). This eliminates a (1) that is not followed by a (2). The Trauma Committee and members of its work groups revised

the rule based on a stakeholder comment to state that mortality "is" an outcome in the state trauma registry, and the board "may" evaluate the feasibility of adjusting outcome variables. The rule was revised due to stakeholder comment during the CSI process.

8. **Does the rule incorporate material by reference? No**
9. **If the rule incorporates material by reference and the agency claims the material is exempt pursuant to R.C. 121.71 to 121.76, please explain the basis for the exemption and how an individual can find the referenced material.**

Not Applicable
