

## TO BE RESCINDED

4765-4-07

**Protected information within the state trauma registry.**

(A) Information that identifies or would tend to identify a specific recipient of emergency medical services or adult or pediatric trauma care shall include, but not be limited to, the recipient's social security number, date of birth, and name.

(1) No records shall be provided in response to a public records request if the request asks for information sorted by, or if the request contains, information that identifies or would tend to identify a specific recipient of emergency medical services or adult or pediatric trauma care.

(2) No records provided in response to a public records request shall contain any information that identifies or would tend to identify a specific recipient of emergency medical services or adult or pediatric trauma care.

(B) Information that identifies or would tend to identify a specific provider of emergency medical services or adult or pediatric trauma care shall include, but not be limited to, the provider's hospital code, medical record number, and county.

(1) Prior to the implementation of risk adjustment standards and procedures, no records shall be provided in response to a public records request if the request asks for information sorted by, or if the request contains, information that identifies or would tend to identify a specific provider of emergency medical services or adult or pediatric trauma care.

(2) Prior to the implementation of risk adjustment standards and procedures, no records provided in response to a public records request shall contain any information that identifies or would tend to identify a specific provider of emergency medical services or adult or pediatric trauma care.

(3) After risk adjustment standards and procedures are implemented, such records may be made public, but only on a risk adjusted basis.
