**13. What are the estimated costs of compliance for all persons and/or organizations directly affected by the rule?**

Reinstatement costs are similar to application costs. Those institutions not changing any certification levels will see minimal if any additional costs, except for natural increases in administrative costs. Those institutions adding additional certification levels will see cost increases, as they may need to add additional instructional, administrative, and equipment resources. \*Significant costs could be associated with institutions requesting to become a paramedic training center due to the costs associated with the national accreditation application process. The estimated annual cost to an accredited institution for continued compliance is an annual fee of \$1,700 and approximately \$3,450 in additional costs every five years to complete the CAAHEP reaccreditation process. These costs are charged and collected by CoAEMSP.
