7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; if the rule type is RESCISSION, NEW or NO CHANGE, then summarize the content of the rule:

This rule identifies the forms that a medical transportation organization is required

to submit to the EMFTS Board to apply for an initial or renewal license to operate as an ambulance or mobile intensive care service. The rule also sets forth the requirement for submitting a fee and supporting documentation with each application, the levels of service for which a license may be issued, prohibits the submission of false information, and defines licenses as "not transferable."

O.A.C. rule 4766-2-02 has been revised to incorporate information about the initial and renewal application forms; more specifically discuss the documentation maintained by applicants for an initial or renewal license, and prohibit business organizations with different tax ID or EIN numbers from operating under the same license; further specify the documentation a service is required to provide about its medical director and add a requirement that the documentation include proof of the medical director's compliance with O.A.C. 4765-3-05; and require that the vehicle identification number (VIN) of each permitted vehicle be included on the certificate of liability insurance. A process for defining and returning incomplete applications has been added to O.A.C. rule 4766-2-02, and parts of the rule have been revised to improve readability and organization. In paragraph (J) of O.A.C. rule 4766-2-02, the prohibition against an applicant submitting "false" information to obtain a license or permit has been expanded to include "misleading" or "deceptive" information.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

O.A.C. rule 4766-2-02 incorporates the "Application for Ambulance or Mobile Intensive Care License" and "Renewal Application for Ambulance or Mobile Intensive Care License" forms, both dated May 2016. To comply with sections 121.71 to 121.74 of the Revised Code, this rule refers readers to O.A.C. Rule 4766-2-18, which provides the date of the materials and the Web site address where the forms may be accessed.

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

If not, why, and how will the materials be accessed? O.A.C. 4766-2-02 incorporates the "Application for Ambulance or Mobile Intensive Care License" and "Renewal Application for Ambulance or Mobile Intensive Care License" forms, both dated May 2016, which can be accessed at the Division of EMS "Forms & Applications"

Web site at: <http://www.ems.ohio.gov/forms.aspx>.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

Not Applicable.

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so. If applicable, indicate each specific paragraph of the rule that has been modified:

Not Applicable.

12. Five Year Review (FYR) Date: **1/13/2017**

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this rule is the filing date.)

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.
