

4766-2-04

**Vehicle Inspections.**

- (A) Each ambulance shall be made available for inspection by the board in accordance rule 4766-2-01 of the Administrative Code before the board deems the application complete
- (B) The board will inspect all ambulance(s) and non-transport vehicles for roadworthiness in accordance with standard motor vehicle requirements, and appropriate equipment as defined in rule 4766-2-21 of the Administrative Code on an annual basis:
- (1) All ambulance(s) and non-transport vehicle(s) shall pass an inspection conducted by the board prior to being placed into operation or the renewal of licensure:
  - (2) All board identified deficiencies must be corrected. The vehicle shall be placed out-of-service until it passes reinspection by the board:
  - (3) Any ambulance(s) or non-transport vehicle(s) not inspected during the initial/renewal inspection shall be made available within sixty days or it will be deleted from the MTO vehicle list:
  - (4) A MTO must demonstrate proof that the ambulance(s) complies with all specifications set forth in the general service administration star-of-life ambulance, KKK-A-1822 standard in effect at the date of manufacture of the ambulance(s) chassis by one of the following:
    - (a) Certificate issued:
    - (b) KKK-A-1822 placard/sticker:
    - (c) Signed affidavit.
- (C) Station wagons, mini-vans or any other vehicles not titled as ambulances are not eligible for permits as ambulances, but may be issued permits as "non-transport vehicles" pursuant to section 4766.07 of the Revised Code, provided they fall within the definition of such vehicles in division (Q) of section 4766.01 of the Revised Code.
- (D) Minimum requirements for a non-transport vehicle are:
- (1) A working two-way communication system pursuant to rule 4766-2-09 of the Administrative Code:
  - (2) The permanent display of the company logo, insignia, or name on both sides and rear of vehicle pursuant to paragraph (B)(8)(e) of rule 4766-2-01 of the Administrative Code:

(3) Audible and visual warning devices in accordance with section 4511.24 of the Revised Code;

(4) A permanently mounted fire extinguisher (ABC - minimum five lbs.);

(5) Vehicle must pass OMTB roadworthiness inspection.

(E) Upon licensure, each licensed MTO shall apply the permit decal on the outside of the right rear window in accordance with division (B)(2) of section 4766.07 of the Revised Code on each ambulance and non-transport vehicle. An additional or replacement vehicle shall, upon successful inspection, be issued a temporary permit. This permit shall be displayed on the inside of the right rear window of the vehicle and shall be valid for not more than thirty days from date of issue.

(1) The permit must be unobstructed at all times.

(F) A permit is not transferable.
