

TO BE RESCINDED

4766-2-10

Sanitation requirements.

- (A) Each licensed MTO shall comply with all occupational safety and health administration-bloodborne pathogens regulations pertaining to the sanitation and maintenance of licensed ambulance(s) and non-transport vehicle(s).
- (B) Sanitation procedures shall be provided to all personnel in a written document that conforms with current standards as set forth in occupational safety and health administration-bloodborne pathogens protocol.
- (C) A written sanitation plan that conforms with the latest standards as written by the occupational safety and health administration-bloodborne pathogens. In addition, the following documentation shall be maintained for each vehicle:
- (1) Cleaning schedule;
 - (2) Date the cleaning was completed;
 - (3) Documentation of who performed sanitation.
