

4766-4-04

Inspection of MICU'S.

(A) Each MoICU shall be made available for inspection by the board in accordance rule 4766-4-01 of the Administrative Code before the board deems the application to be complete.

(B) The board will inspect all MoICU'S for roadworthiness in accordance with standard motor vehicle requirements, and appropriate equipment as defined in rules 4766-4-21, 4766-4-22, and 4766-4-23 of the Administrative Code on an annual basis:

(1) All MoICU's shall pass an inspection conducted by the board prior to being placed into operation or the renewal of licensure;

(2) All board identified deficiencies must be corrected. The vehicle shall be placed out-of-service until it passes reinspection by the board;

(3) Any MoICU(s) not inspected during the initial/renewal inspection shall be made available within sixty days or it will be deleted from the organization vehicle list;

(4) An organization must demonstrate proof that the MoICU(s) complies with all specifications set forth in the general service administration star-of-life ambulance, KKK-A-1822 standard in effect at the date of manufacture of the MoICU chassis by one of the following:

(a) Certificate issued;

(b) KKK-A-1822 placard/sticker;

(c) Signed affidavit.

(C) Upon licensure, each licensed organization shall apply the permit decal on the outside of the right rear window in accordance with division (B)(2) of section 4766.07 of the Revised Code on each MoICU. An additional or replacement vehicle shall, upon successful inspection, be issued a temporary permit. This permit shall be displayed on the inside of the right rear window of the vehicle and shall be valid for not more than thirty days from date of issue.

(1) The permit must be unobstructed at all times.

(D) A permit is not transferable.
