Change rules.

### **FISCAL ANALYSIS**

13. Estimate the total amount by which *this proposed rule* would **increase /decrease** either **revenues /expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will decrease expenditures.

\$879,079.19

Estimated cost is based on projections provided by the National Conference of State Legislatures (NCSL): Deficit Reduction Act of 2005 Summary of Medicaid, Medicare, Health Provisions (updated February 3, 2006), and information obtained from the Decision Support System (DSS) (July 1, 2004 through June 30, 2006). Ohio's long-term care population (132,967) is the number of consumers receiving long-term care services from nursing facilities, a Home and Community Based Services (HCBS) waiver, or the Program for All-Inclusive Care for the Elderly (PACE). The federal long-term care Medicaid population (2,712,591) was divided by Ohio's long-term care Medicaid population in order to determine the portion of the estimated federal fiscal impact that is specific to Ohio. This portion of federal dollars was then reduced to reflect Ohio's share of Medicaid long-term care costs (40.12 %).

This rule also contains language from H.B.66 which extends the home exemption period from six months to thirteen months for individuals residing in a nursing facility. The cost associated with H.B.66 was estimated by multiplying the current average monthly nursing home private pay rate of \$4,806.00 by seven additional months of home exemption for individuals residing in a nursing facility. The result is \$33,642.00 in additional increase of expenditures for each individual for the additional seven months. Data could not be collected as to how many individuals the extension of the home exemption period effects. Therefore, the estimated decrease in expenditures of \$879,079.19 does not reflect any increase in expenditures as a result of H.B.66.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

Not applicable.

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your

information/estimated costs, e.g. industry, CFR, internal/agency:

Individuals applying for Medicaid may not be eligible if equity in the home exceeds five-hundred thousand dollars and the individual does not meet the home equity restriction exemptions listed in OAC 5101:1-39-31 Medicaid: treatment of the home.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
