Administrative procedures for comprehensive health care for children in placement.

- (A) The early and periodic screening, diagnosis, and treatment (EPSDT) program is a federally mandated program of comprehensive preventive health services available to medicaid-eligible individuals from birth through age twenty years. In Ohio, the program is called healthchek and is administered by the county department of job and family services (CDJFS). A healthchek screening examination or its equivalent constitutes comprehensive health care for all children in placement.
- (B) The public children services agency (PCSA), private child placing agency (PCPA) or private noncustodial agency (PNA) ~~shall~~ is to develop written interagency procedures to implement comprehensive health care for children in placement between the CDJFS and custody holding agency, if applicable. Interagency procedures ~~shall~~ are to include ~~a tracking to document~~ documentation that the substitute caregiver has been informed of healthchek services and transportation services and the substitute caregiver has been provided a copy of the ODM 03528 "Healthchek and Pregnancy Related Services Information Sheet." ~~(rev. 3/2018)~~.
- (C) The PCSA, PCPA or PNA ~~shall~~ is to review and amend the interagency procedures developed pursuant to paragraph (B) of this rule, as needed.
