## 5101:2-5-24 Rule Number

TYPE of rule filing

Rule Title/Tag Line

#### Foster home recertifications.

#### **RULE SUMMARY**

1. Is the rule being filed for five year review (FYR)? No

2. Are you proposing this rule as a result of recent legislation? No

NEW

3. Statute prescribing the procedure in accordance with the agency is required to adopt the rule: **119.03** 

4. Statute(s) authorizing agency to adopt the rule: **5103.03**, **5103.18** 

5. Statute(s) the rule, as filed, amplifies or implements: **2151.86**, **5103.02**, **5103.03**, **5103.18** 

6. State the reason(s) for proposing (i.e., why are you filing,) this rule:

This new rule is being filed as part of a five year review and to replace a rescinded rule of the same number because more than fifty percent of the rule has been rewritten.

7. If the rule is an AMENDMENT, then summarize the changes and the content of the proposed rule; If the rule type is RESCISSION, NEW or NO CHANGE,

then summarize the content of the rule:

This new rule is entitled "Foster Home Recertifications" and provides guidance to agencies regarding the requirements of recertifying a foster home. For the most part, language was changed and moved to different paragraphs to align foster care and adoption rules, and flow better with the recertification and update process. Paragraph (C) now allows agencies to send out the JFS 01331 up to 150 days prior to the expiration of the current foster care certificate. This change will allow agencies and families additional time to meet the requirements of recertification. Paragraph (E)(4) was added to align with adoption, but simply requires the agency to review the most current financial statement, and allows the agency to require a new statement if there have been significant financial changes. Paragraph (E)(8)was revised to clarify when criminal background checks are required for existing residents of the household who turn 18, including children placed in the home. Language in paragraphs (G) and (H) were changed to remove the ability for a lapse in licenses and to clarify that the caregiver must submit the reapplication at least 30 days prior to expiration of the certificate or approval. If the family reapplies less than 30 days prior, the agency is able to complete the recertification or update if they are able to, but are not required to. This change will allow agencies the time necessary to complete the assessment of the family and not wait until the last minute in case the family reapplies late. Paragraph (I) of the foster care rule allows a thirty day lapse in the foster care certifications only for those due within 90 days of the effective date of the rule, in order to allow agencies and families time to implement the new standards. Paragraph (J) was brought over from the homestudy rule, as it should be applicable the entire time a home is licensed for foster care.

8. If the rule incorporates a text or other material by reference and the agency claims the incorporation by reference is exempt from compliance with sections 121.71 to 121.74 of the Revised Code because the text or other material is **generally available** to persons who reasonably can be expected to be affected by the rule, provide an explanation of how the text or other material is generally available to those persons:

This rule incorporates one or more dated references to an ODJFS form or forms. Each cited ODJFS form is dated and is generally available to persons affected by this rule via the inner-web at http://innerapp.odjfs.state.oh.us/forms/inner.asp or on the internet at http://www.odjfs.state.oh.us/forms/inter.asp in accordance with ORC 121.75(E).

This rule incorporates one or more references to another rule or rules of the Ohio Administrative Code. This question is not applicable to any incorporation by reference to another OAC rule because such reference is exempt from compliance with ORC 121.71 to 121.74 pursuant to ORC 121.76(A)(3).

This rule incorporates one or more references to the Ohio Revised Code. This

question is not applicable to any incorporation by reference to the ORC because such reference is exempt from compliance with ORC 121.71 to 121.74 pursuant to ORC 121.76(A)(1).

9. If the rule incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material electronically, provide an explanation of why filing the text or other material electronically was infeasible:

Not applicable.

10. If the rule is being **rescinded** and incorporates a text or other material by reference, and it was **infeasible** for the agency to file the text or other material, provide an explanation of why filing the text or other material was infeasible:

Not Applicable.

11. If **revising** or **refiling** this rule, identify changes made from the previously filed version of this rule; if none, please state so. If applicable, indicate each specific paragraph of the rule that has been modified:

Not Applicable.

12. Five Year Review (FYR) Date:

(If the rule is not exempt and you answered NO to question No. 1, provide the scheduled review date. If you answered YES to No. 1, the review date for this rule is the filing date.)

NOTE: If the rule is not exempt at the time of final filing, two dates are required: the current review date plus a date not to exceed 5 years from the effective date for Amended rules or a date not to exceed 5 years from the review date for No Change rules.
