

5101:2-9-18

Recreation and leisure activities and equipment.

- (A) A residential facility shall have a recreational program and make available recreational equipment and activities sufficient to implement its recreational program. All recreational equipment necessary for the implementation of the recreation program shall be maintained in a safe and usable condition.
- (B) A residential facility shall make available in each living unit within the facility, leisure-time equipment appropriate to the age, sex and developmental stage of the children housed in each residential unit.
- (C) A residential facility shall have a written plan for supervising organized or structured group activities. All off site activities shall comply with rule 5101:2-9-02 of the Administrative Code.
- (D) A residential facility shall permit the children to swim only when a person who has completed training in lifesaving or water safety is present.
