

5101:2-9-29

Bathrooms.

- (A) Each living unit within a residential facility shall have a minimum of one wash basin with hot and cold water, one flush toilet, and one bath or shower with hot and cold water for every six children of the same sex, or fraction thereof, residing within the living unit.
- (B) Bathrooms in a children's residential center shall be located on the same floor as sleeping rooms.
- (C) Bathrooms in a residential facility shall be situated so as to allow direct access to them without the necessity of passing through a bedroom, except when a bedroom has an attached bathroom used only for the children who reside in that bedroom.
- (D) Each bathroom in a residential facility shall be supplied with toilet paper, towels or air dryers, soap, and wastebaskets.
- (E) Bathtubs and showers in a residential facility shall have nonskid surfaces.
- (F) Bathtubs and showers in a residential facility shall have enclosures or screens which afford individual privacy. When more than one toilet is located in the same bathroom, each toilet shall be partitioned and include a door capable of remaining closed.
