

5101:2-9-35

**Additional programmatic requirements regarding behavior management.**

- (A) An agency certified to operate a residential facility shall establish a system where instances of behavior that are a danger to a child or to others shall be brought to the attention of appropriately trained behavior management staff.
- (B) An agency certified to operate a residential facility which uses isolation and/or physical restraint as a behavior management tool shall establish an ongoing system for collecting and reviewing monthly aggregate data that reflects the use of restrictive treatment elements, including but not limited to: the number of applications of isolation and/or physical restraint, the names of staff members who participated in each instance of isolation or restraint, the range and average length of isolation and/or physical restraint, and injuries in addition to the critical incident report. When there is an unusually high incidence of the use of isolation and/or physical restraint, the administrator or designee shall review the agency's policies on behavior intervention, physical restraint, and isolation to determine how such incidents can be reduced.
- (1) The number of applications of isolation and/or physical restraint.
  - (2) The youth's name and age.
  - (3) The names of staff members who participated in each instance of isolation or restraint.
  - (4) The range and average length of isolation and/or physical restraint.
  - (5) The injuries, in addition to the critical incident report.
- (C) When there is an unusually high incidence of the use of isolation and/or physical restraint, the administrator or designee is to review the agency's policies on behavior intervention, physical restraint, and isolation to determine how such incidents can be reduced.
