This will have no impact on revenues or expenditures.

\$0.00

The Department estimates that these changes will have no fiscal impact in the biennium. While there is an estimated fiscal impact for physician services of \$1.9 million for a 12-month period, there is an estimated savings of approximately \$1.9 million for DME/Supply services for the same period. Therefore, the estimated fiscal impact for all services reflected in this rule is \$0.00.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

600-525

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

Providers will be able to bill the new 2006 HCPCS codes and must modify their billing systems to bill the new codes. These code changes are necessary for all payors, not just Medicaid. It is anticipated that DME providers should realize a reduction in administrative costs due to Medicaid maximum prices assigned to 75 DME codes that previously required the submission of price lists with each claim

submission.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
