Notes: Procedures codes that may be eligible for payment at the time of the initial wheelchair purchase:

The procedure codes listed under "PART I: Wheelchair Parts and Accessories" that do not require prior authorization are eligible for separate reimbursement at the time of the initial wheelchair purchase if submitted on the claim.

The procedure codes listed under "PART I: Wheelchair Parts and Accessories" that require prior authorization are eligible for separate reimbursement at the time of the initial wheelchair purchase if the procedure code was specifically approved by ODJFS

The procedure codes listed under "Part II Wheelchair Repair and Replacement Parts" are never eligible for separate reimbursement at the time of the initial wheelchair purchase.

Procedure codes used in requesting PA for repair and replacement parts (see paragraph (J) of Rule 5101:3-10-16 for instructions).

Use the procedure codes listed in Part I or Part II with the "UC" modifier when requesting prior authorization for parts used for a major repair.

Use appropriate miscellaneous procedure codes (e.g., K0108) with "UC" modifier when a part is not listed under Part I or Part II.

Prior authorization of any parts requested under a miscellaneous procedure code will be denied if a procedure code exists for the part as listed in Part I or Part II of the Wheelchair section of this appendix.

ODJFS will continue to approve all the approved parts under a the single local level procedure code for wheelchair repair (See Part IV). Providers must submit the code(s) and modifier(s) approved in the PA approval letter issued by ODJFS for reimbursement of repair or replacement parts.
