FISCAL ANALYSIS

13. Estimate the total amount by which *this proposed rule* would **increase / decrease** either **revenues / expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will have no impact on revenues or expenditures.

0.00

The proposed rule changes will have no impact on ODJFS projected budget during the current biennium.

However, there may be a net impact to ODJFS Federal Special Revenue Fund Group, Fund 3G5, ALI 600-655, interagency reimbursement appropriations of up to \$4.5M of federal funds passed through to the Ohio Department of Alcohol and Drug Addiction Services (ODADAS) in SFY 2009.

The proposed rule changes will have no impact on the Ohio Department of Alcohol and Drug Addiction Services (ODADAS) projected budget during the current biennium.

However, there is a projected net impact to ODADAS Federal Special Revenue Fund Group, 3J8 ALI 038-610 appropriations of up to \$4.5M of federal funds in SFY 2009. There is a projected net impact of State funding of \$2.6M associated with the fee schedule proposed in this rule. ODADAS has identified, within its existing budget of state funding, resources to address this projected need. Of this \$2.6M, \$2M is all of OADAS existing Medicaid reserve funding, \$400,000 is absorbed within existing Board allocations of GRF and State Special Revenues and \$200,000 from other State GRF funding. The \$2.2M consisting of all of ODADAS existing Medicaid reserve funding and the additional \$200,000 will be distributed from ODADAS to Boards on a demonstrated need basis, as is ODADAS current practice with the existing Medicaid reserve funding.

The fiscal analysis performed for the implementation impact of this rule is associated with the proposed fee schedule rates in appendix A. These proposed rates are the current Medicaid rate ceilings in the existing 5101:3-30-04 rule. The proposed fee schedule is intended to meet the federal requirement of ensuring payments are sufficient to enlist enough providers so that services are available to Medicaid consumers to the extent they are also available to the general population.

* This fiscal analysis does not include local levy funding as a match source.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

6. Please provide a written explanation of the agency's and the local government's ability to pay for the new requirements imposed by the proposed rule.

The state funding to support the fee schedule payment methodology in this rule comes from the Ohio Department of Alcohol and Drug Addiction Services (ODADAS) budget. As this funding is disbursed to local Alcohol, Drug Addiction and Mental Health Services (ADAMHS) and Alcohol and Drug Addiction Services (ADAS) Boards, they will be impacted by its implementation. As stated in the response to question 13, there is a projected net impact of State funding of \$2.6M associated with the fee schedule proposed in this rule. ODADAS has identified, within its existing budget of state funding, resources to address this projected need. Of this \$2.6M, \$2M is all of OADAS' existing Medicaid reserve funding, \$400,000 is absorbed within existing Board allocations of GRF and State Special Revenues and \$200,000 from other State GRF funding. The \$2.2M consisting of all of ODADAS' existing Medicaid reserve funding and the additional \$200,000 will be distributed from ODADAS to Boards on a demonstrated need basis, as is ODADAS' current practice with the existing Medicaid reserve funding.
