Not applicable

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

The proposed Adult Day Services may impact the amount of federal funds which are passed through to ODMRDD by ODJFS. ODMRDD anticipates that the estimated annual aggregate expenditures to increase. Projected costs will result in

an increase for transportation and Adult day Support and Vocational Habilitation services, however, it is unclear at this time what the increased amount will be. Habilitation waiver services for children are limited by 42 CFR 440.180 (c)(3)(i). Specifically, this provision states that habilitation services may not include: "special education and related services (as defined in section 602(16) and (17) of the Education of the Handicapped Act) (20 U.S.C. 1401(16) and (17)) that are otherwise available to the individual through a local educational agency". This federal law limits the availability of habilitation services for school aged children. If a school aged child is not eligible for one of the new day services because of this restriction in federal law, we expect their service and support administrator to work with that recipient and the local education agency to explore appropriate options for meeting the child's needs. The above federal restriction is only for habilitation services and should have no impact on access to non-habilitation services. The proposed adult day services and vocational services replace day habilitation and are both habilitation services.

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
