**FISCAL ANALYSIS**

13. Estimate the total amount by which *this proposed rule* would **increase/decrease** either **revenues /expenditures** for the agency during the current biennium (in dollars): Explain the net impact of the proposed changes to the budget of your agency/department.

This will increase expenditures.

\$11,100

The respite service will be available to those HOME choice participants who are not eligible to be enrolled in a home and community-based service (HCBS) waiver, and as a result, would not otherwise have access to any form of needed respite services which are available via HCBS waivers. The transition to HOME Choice community services also reduces the state's institutional cost of care for the eligible participant in lieu of eligibility for an HCBS waiver. For SFY 11, the "all funds" amount of \$11,100 receives enhanced federal financial participation (FFP) from the Money Follows the Person (MFP) grant thus reducing the states non-federal share of the additional expenditures to approximately \$1,670 for the last fiscal year of the 2010-2011 biennium.

14. Identify the appropriation (by line item etc.) that authorizes each expenditure necessitated by the proposed rule:

600-525.

15. Provide a summary of the estimated cost of compliance with the rule to all directly affected persons. When appropriate, please include the source for your information/estimated costs, e.g. industry, CFR, internal/agency:

No new costs

16. Does this rule have a fiscal effect on school districts, counties, townships, or municipal corporations? **No**

17. Does this rule deal with environmental protection or contain a component dealing with environmental protection as defined in R. C. 121.39? **No**
